Veljko Gligorijević

Backend Engineer

gligorijevicveljko3@gmail.com | 381 69 241 1998 | Belgrade, Serbia | LinkedIn

SUMMARY

Backend Engineer with 3 years of professional experience developing and maintaining backend systems for a large-scale telecom application with 1M+ monthly active users. Experienced in REST APIs, system integrations, relational databases, Redis caching, CI/CD, and production troubleshooting.

PROFESSIONAL EXPERIENCE

Yettel, *Backend Developer* 09/2023 – Present | Belgrade, Serbia

- Develop and maintain backend APIs for Yettel's customer-facing applications with **1M+ monthly active users**.
- Implemented a **campaign-service routing optimization and percentage-based rollout**, enabling selected campaign modules to remain available during peak Friday traffic while reducing load on the main backend.
- Designed and implemented a significant part of a **user administration and role-management system**, supporting Super Admin, Admin, and User roles, permissions, synchronization, and related business rules.
- Improved the **Monthly Active Users (MAU) reporting process** by redesigning the underlying query after identifying cases where records were being lost, improving reporting reliability.
- Use **Claude Code** in daily development workflows, building custom skills and reusable codebase knowledge to support implementation, debugging, and repository analysis.
- Integrate internal and external systems through **REST/SOAP APIs**, implementing business logic, validation, caching, authentication flows, and scheduled processing.
- Investigate and resolve production issues using **logs, Linux tooling, Grafana, Oracle/MySQL, and Redis**, and participate in deployments through **GitLab/Jenkins CI/CD**.

SKILLS

Languages (PHP, SQL, JavaScript) | **Backend & Data** (Slim, REST/SOAP APIs, Oracle, MySQL, Redis) | **Tools** (Docker, Linux, Git, GitLab, Jenkins, Grafana, PHPUnit) |

AI-Assisted Development (Claude Code, OpenAI Codex, custom agent skills, codebase knowledge)

EDUCATION

University of Organisational Sciences 09/2021 | Belgrade, Serbia

B.Sc. in Information Systems and Technologies
